

BOOTLEGGERSSEN- TENCED TODAY IN COURT

Earl Williams Pleads Guilty
to Two Charges and Gets
4 months sentence

Earl T. Williams, one of the boot-
leggers rounded in by Sheriff Wheeler
some time ago at Douglas, was ar-
ranged in the superior court today and
he pleaded guilty to two charges, draw-
ing a sentence of four months in the
county jail and a \$50 fine.

YUMA BRIDGE IS SUB- JECT OF BIG DAMAGE SUIT AT YUMA

Suit for \$20,000 is Decided in
Superior Court. Judge-
ment for \$2000

YUMA, March 26.—After a trial
lasting five days, the jury in the case
of George M. Dwyer against the Oma-
ha Structural Steel Company, brought
in a verdict yesterday afternoon for the
sum of \$2907.99 in favor of the plain-
tiff for damages alleged to have been
received while working on the big
bridge across the Colorado river.

The original suit filed by Attorney
Thomas D. Molloy for the plaintiff
was for \$20,000, but on account of the
defendant company being a foreign
corporation the amount of the claim
for damages was cut to \$2907.99, in or-
der to bring the case within the exclu-
sive jurisdiction of the Yuma county
superior court.

CLAIMS TRANSPORTA- TION RATES ON DIS- CRIMINATORY

PHOENIX, March 27.—That the
proposed advances in transcontinental
passenger rates are glaringly discrimi-
natory in favor of California, and will
result in the rates to Arizona being
even higher relatively than at present
was made known at the office of the
corporation commission after the new
tariffs had been carefully checked. Un-
der the rates published, no advance
will be made in the price of tickets to
points in California, while an increase
of ten per cent will be applied to all
other points in the southwest.

37,000 TAXPAY- ERS IN STATE OF ARIZONA

Maricopa Leads With 9654;
Cochise Comes Second
With 7598

PHOENIX, March 27.—That the
number of taxpayers is in excess of 37,-
000 is shown by reports from the vari-
ous county treasurers received and
compiled at the office of the state tax
commission yesterday. The number
in each county, as reported to the com-
mission, follows:

Apache	670
Cochise	7598
Cocconino	1192
Gila	2135
Graham	1720
Greenlee	2136
Maricopa	9654
Mohave	1021
Navajo	1189
Pima	3000
Pinal	1002
Santa Cruz	931
Yavapai	2923
Yuma	1897
Total	37,000

MIAMI MAN MEETS WITH SERIOUS ACCI- DENT IN MINE

MIAMI, March 25.—Fred Allen
who has been employed by the Miami
Copper company, left this morning for
Phoenix to consult a specialist in re-
gard to his eyes, which were injured,
the result of a premature blast yester-
day. Though Allen was seriously
burned about the face and eyes, it is
believed that with the care of a spe-
cialist his eyesight can be saved. He
was at first taken to the Miami-Inspira-
tion hospital and the physicians there
advised the trip to Phoenix.

U. S. CIVIL SER- VICE EXAMS SOON

Several Lucrative Jobs Open
Chief of Which Is the
Mine Inspector

The United States civil service com-
mission announces an open competi-
tive examination for mine surgeon, for
men only, on April 23. From the reg-
ister of eligibles resulting from this ex-
amination certification will be made to
fill a vacancy in this position in the
bureau of mines, Pittsburgh, Pa., at a
salary ranging from \$2400 to \$2700 a
year, and vacancies as they may occur
in positions requiring similar qualifica-
tions, unless it is found to be in the
interest to fill any vacancy by rein-
statement or promotion.

The duties of the person appointed
to fill the position of mine surgeon will
be to travel with the bureau of mines'
rescue cars and make a physical ex-
amination of all applicants for first aid
and mine rescue training; to assist the
bureau of mines' first aid miners in im-
proving the technique of first aid
methods pertinent to mining and metal-
lurgical accidents; to enter mines after
fires and explosions for the purpose of
taking blood samples and making other
physical examinations of the victims
before their removal; to make physical
examinations of those engaged in min-
ing and metallurgical industries to de-
termine the effect, if any, of such oc-
cupations on the health and physical
well being of those employed therein;
to examine the sanitary and hygienic
conditions in and about mines and
mining villages with a view of determin-
ing the effect of such conditions on the
health and physical well being of those
engaged therein.

On April 20 there will also be held
an examination for a blacksmith at a
salary of \$70 per month for work in
the national museum at Washington,
D. C. On April 28 there will be an
examination for a junior bacteriologist,
hull draftsman, information editor and
a surveyor draftsman. These positions
are open for men only.

SUPERVISORS TO BUILD ROAD THROUGH AL- KALI LAKE

Definitely Decided Upon at
Willcox Meeting
Yesterday

At the conference held between the
members of the board of supervisors,
county engineer and citizens of Willcox
and Cochise yesterday, it was decided
that the road traversing the alkali lake
will be rebuilt. This was the unanim-
ous opinion of both the citizens of
Willcox and Cochise and the super-
visors will act accordingly, and work will
be begun as soon as possible. The
nature of the road will be a raised grade
to be rip rapped on both sides, and the
grade will be about five feet from the
water level. This has been a source of
considerable trouble and worry to the
county, on account of the slippery
nature of the soil in this vicinity dur-
ing the rainy season. With the raising of
the grade this difficulty will have been
overcome. Clerk Karger of the board
stated today that the work would be
begun as soon as soon as possible.

LOOKING BACK- WARD 24 YEARS IN TOMBSTONE

Interesting Items that Ap-
peared in the "Prospector,"
this Date, 1891; Remin-
iscent of the Pioneer Days

The urchin who hauled down the
flag last night on the school house and
ran it up again upside down as a sig-
nal of distress, should be severely dealt
with.

The militia boys should get together
again and draw their \$30 per month
from the Territory as provided by an
act of the legislature.

Mrs. Joseph McPherson and family
left this morning for Bisbee, for a for-
night's visit with her parents.

Sam Watt was quite severely burned
day before yesterday while at work at
the city water works. The contents of
one of the oil cups was thrown into his
face by hot steam, scalding him severely.

It was reported last night that Geo.
Criswell was dead. He had a sinking
spell from which he rallied, however,
and although alive, is beyond the hope
of recovery. His death is hourly ex-
pected.

Later—
Late this afternoon the death of
George Criswell occurred at his residence
in this city. His devoted wife has the
sympathy of every one in the commu-
nity.

John Costello has returned to Tomb-
stone after an absence of two years.
He left here for the Harqua Hala coun-
try during the first excitement there.

NEWSY ITEMS OF ARIZONA

Prepared in Condensed Form From
All Over the State

"Hop Heads" Suffer

When the Drug stores of the nation
were forced, through the operation of
a federal statute, to cease selling opium
or its derivatives, or derivatives of the
coco leaf, there were a number of "hop-
heads," "snow shovelers" and others of
the ilk left in a bad fix in Douglas.
One of the ilk has been sent to the in-
sane asylum from here, so great was
his suffering when deprived of cocaine.
Others have been driven to crime, as
the burglarizing of the office Dr. E. W.
Adamson and Dr. J. J. P. Armstrong,
within this week, proves. The office of
Dr. Adamson was entered through a
transom.

Applies For Release

Jack Munroe, at present an inmate
of the state penitentiary, has made ap-
plication to the state board of pardons
and paroles for his release. The crime
of which Munroe was convicted was the
murder of Ed Drew, a Pinal County
deputy sheriff, who encountered Mun-
roe at the time he attempted to hold up
the Schillings Saloon at Sonora town
near Ray about four years ago.

Accidentally Shoots Self

Ramond Pence, one of the best
known young automobilists in the
Globe district, was wounded in the head
by a pistol bullet which he fired acci-
dentally. The bullet glanced and the
wound is said to be slight. The acci-
dent occurred while Mr. Pence was
cleaning a pistol.

OLD DOMINION STRIKES COPPER IN NEW FIELD

While Drilling on New Prop-
erty, Lode In Dis-
covery

Word has been received from Globe
to the effect that it is unofficially stated
at the county seat that the Old Dom-
inion Mining company, which has been
having considerable bad luck during
the past month, the result of floods
of water at the mine, which floods are
now believed to be under control, has
been encouraged by a strike of copper
ore on the property lying near the Old
Road between Globe and Miami. For
some time past the management of the
company has had a chum drill at work
on the hill back of the cemetery and
not far from the Al. West ranch. It
was announced at the outset by Gen-
eral Manager Beckett, of the Old Do-
minion company, that these chum drill-
ing operations were really not being
carried on with any idea of striking the
mineral but rather with the idea of test-
ing the formation.

COUNTY AND CITY OF BISBEE WILL JOIN IN TO BUILD PEST HOUSE

County Appropriates \$2500
and City Will Furnish
the Remainder

BISBEE, March 27.—The joint pest
house of city and county to be erected
near Don Luis, is an assured fact, some
months of delay having been termina-
ted last evening when Councilman
Cunningham, Hennessy and Toland with
City Attorney Flanagan and Health
Officer Herendeen met with the board
of supervisors at Tombstone. The su-
pervisors were inclined to reduce the
appropriation of \$2500 agreed upon by
the old board to \$1500, but after
thorough discussion raised their part to
\$2,000 and later to \$2,500. Bids will
be called for shortly and the construc-
tion be made as speedily as can be.

RAIN AND SNOW IN ARI- ZONA AND OFFICIAL FIG- URES BY BUREAU

PHOENIX, March 27.—Although
the precipitation for February was well
above the average over practically the
entire state, there was but little or no
increase in the snow depths over a con-
siderable portion of the mountain and
plateau districts, except at extreme al-
titudes. This is particularly true of
the northern plateau region and the in-
termediate levels of the central, south-
central, and southeastern mountain
districts. In these sections, however,
at high elevations, such as the San
Francisco Peaks, Bill Williams Moun-
tain, the higher ranges of Yavapai
county, and the higher levels of the
Grahams and the ranges still farther
south, where the precipitation occurred
wholly or mostly in the form of snow
unusual depths are reported.

JOHNSON ELECT- ED SCHOOL TRUSTEE

Three Candidates for Place,
and Considerable Interest
Manifested in Race

Today at the Central School building
the election for school trustee is being
held, and considerable interest is being
shown in the matter. J. H. Johnson
is the retiring member and there
are several candidates up for the place,
although it is entirely honorary. This
goes to show that Tombstone folk
take considerable interest in their
school affairs.

LATER—Just as we go to press it
is learned that Mr. H. P. Johnson was
elected by a majority of fifteen votes.
The other two candidates were Mr. W.
A. Fowler and Mr. James A. Lamb.
